J'FRANCIS FABIA

WEB DEVELOPER

OBJECTIVE

Seeking a Web Developer role to leverage my expertise in HTML, CSS, JavaScript, PHP, Laravel, Next.js, and on-page SEO to build innovative, responsive websites that drive user engagement and business growth.

EXPERIENCE

JUNIOR WEB DEVELOPER

Nov 2023 – March 2025

Optimized website content and structure using advanced SEO techniques to improve search engine rankings and visibility. Developed and customized webpages with WordPress, Dealer CMS, and DealerOn CMS to meet client specifications and enhance user experience.

FREELANCE WEB DEVELOPER

Nov 2021 – Nov 2023

Designed and developed efficient, high-quality code for custom websites, emphasizing innovative layouts and enhanced functionality. Created and optimized landing pages for cryptocurrency projects using Next.js, ensuring visually appealing and user-friendly designs. Provided consulting services by delivering technical expertise and tailored design solutions while focusing on performance optimization for seamless user experiences.

DATABASE ADMINISTRATOR

Feb 2020 - Mar 2023

Delivered technical support across multiple store branches by diagnosing issues, troubleshooting, and maintaining system integrity. Updated and improved existing systems through consistent monitoring and regular database maintenance. Contributed to operational efficiency by streamlining troubleshooting processes and implementing system enhancements.
